QUALITY RESPONSIBILITY

2022

RÖSLER ON QUALITY RESPONSIBILITY

RÖSLER RETREADED OTR TYRES NEED 80% LESS CO₂ THAN NEW TYRES – through responsible production, diligent recycling and careful use of energy and resources – this is quality in our opinion.

HIGHEST MANUFACTURING QUALITY, individual application specification, 60 years of market experience, 24/7 service, the latest tyre monitoring systems ensure maximum mileage – this is quality in our opinion.

SHARE SUCCESS WITH OUR CUSTOMERS by reducing prices of our entire tyre range, to save more CO₂ globally with high-quality retreads – this is quality in our opinion.

PLEASE NOTE OUR NEW PRICE LIST 2020.

RÖSLER OUR QUALITY CONVICTION SINCE 60 YEARS

FAIRNESS

Many of our customers have been loyal to us for decades. Just like our employees, which work with us, some even in second generation. This is how we assure our most important expertise – our skilled employees.

ENDURANCE

Despite of economic interests, we have always set value on quality and reliability of our products and services. This is what determines long-term customer loyalty and thus the success of our company.

PURSUIT

Since the beginning, research and development based on our experience is a determinant factor of our quality. Our Schelkmann precured retreading process is based on over 150 patents.

MOTIVATION

We would also like to recommend warmly to our customers the sustainability of our retreaded OTR tyres. The more retreaded tyres are used, the more we can affect the future for the coming generation.

AS A MOTIVATION FOR OUR CUSTOMERS REGARDING THE CO2 REDUCTION WE CAN OFFER PRICE REDUCTIONS ON ALL OF OUR RODOS AND SCHELMANN TYRES ON BASIS OF OPTIMIZED PROCESSES AND THE CURRENT RAW MATERIAL SITUATION

RÖSLER OVERVIEW OF QUALITIES

RODOS

Our moldcured retreaded OTR tyre with new tyre quality. Optimized for all fields of application. Durable, reliable and economical.

SCHELMANN

Precured OTR tyres for highest quality standards. Treads and rubber compounds can be customized on customer's request and on individual fields of application.

NEW TYRES

Our service network and close partnership with premium and budget manufacturers allows us to guarantee short-term deliveries of new tyres worldwide.

INTREAD SENSOR

A real time monitoring of tyres protects against failures in operation. Driver and fleet management retain control at all times.

PU FILLING

Our latest filling materials offer ultimate tyre flat protection and maximum productivity of your fleet, also in connection with our Schelkmann retreads.

TYRE HANDLER

The tool we have developed for a safe and gentle tyre change, reduces downtimes and damages.

PLANT

We offer our expertise and know-how including OTR retreading plants as a whole to customers.

SERVICE

We are available 24/7 with competent advice, with many services and trade partners and especially with 60 years of experience.

RÖSLER QUALITY TYRES RE-MADE IN GERMANY
